

ENERGY MAN

Renewable Energy Saves Earth

ENERGYMAN POWER TECHNOLOGIES (INDIA) PRIVATE LIMITED

Leading Solar Energy Storage System & EPC Players in India

www.energymanindia.in

About US

Energyman Power Technologies (India) Private Limited
(formerly known as Luminary's Solar Power Systems)

is one of the most efficient organizations in this field since 2011, which pays attention to the holistic utilization of solar energy in the products that it manufactures.

Mission

Harness the power of the sun to empower communities and businesses with clean, sustainable energy, reducing reliance on fossil fuels and safeguarding our planet for future generations.

Empower clients with customized, high-performance solar power plant solutions, maximizing energy independence and contributing to cost savings.

Champion innovation and technological advancements in the solar industry, delivering unparalleled efficiency, reliability, and environmental benefits.

Vision

To be recognized as a leading solar EPC company, spearheading the transition to a renewable energy future.

To be the preferred partner for businesses and communities seeking reliable, clean, and cost-effective solar power solutions.

To contribute to a world powered by sunlight, where clean energy is accessible, affordable, and the environmental norm.

To inspire and empower others to embrace the potential of solar energy and create a sustainable future for all.
